CE MARKING

The trade passport to Europe

CE Marking is a required mark for a wide range of products to indicate conformity with mandatory European standards and safety requirements. EABO can assist you with getting your product "import ready" for the European market of nearly 500 million consumers.

How EABO can assist you to obtain the CE marking?

- 1 Identify and provide the applicable directive (s) and standard (s) that apply to your products
- 2 Identify the application process for your product: self certification vs. Notified Body (3)
- 3 Identify and contact the Notified Body for your product
- 4 Assist you with the compilation of the technical file and the Declaration of Conformity

CE MARKING STEPS
